On June 29th, we attended the Celebration of life event in honor of our old friend, [Bobby Byars Precision Pro-formance](#).

We would estimate that there were over 100 guests or more at the Celebration. Bob was not only well respected in the Pantera Community but also in the Harley Davidson world. His loving family, friends and clients were all present to say a heart-felt farewell to this huge Pantera Enthusiast and parts supplier.

If any of you have any photos or memories about Bob you would like to share, please post them.
God Speed Bobby Byars. You are missed and not forgotten,
Dave and Linda

OCP 3D Technology Tour!

20+ OCP members spent a Saturday morning learning about state-of-the-art 3D technology products.

The group found great interest in the SolidWorks design, analysis, and manufacturing software tools.

We had hands on demo of HandyScan laser scanner, and were able to fully digitize Al Arakawa's gills (his car, not his neck).

We toured the 3D Printer Room and saw a range of machines worth \$500k. The group viewed numerous prototypes printed in many materials.

New DeTomaso unveiled at Goodwood.

The new DeTomaso P72 was unveiled as a car run of V-12 powered supercar. Styled as a tribute to the Peter Brock designed DeTomaso P70. Build slots are still available. For only \$850k, you can have one too.
